Why Join this CADAVER LAB?

This 3-day intensive program offers a unique blend of theory and high-level surgical practice, where every procedure taught is performed on cadaver specimens under the expert supervision of Prof. Guerra.

From single-tooth implants to full-arch rehabilitations and extreme atrophy solutions, you'll be guided step-by-step through:

- Full face Anatomy
- Zygomatic implants
- Transnasal Implants
- Transsinus Implants
- Pterygoid Implants
- Mandibular ramus and Chin bone harvesting
- Nerve transposition and lateralization
- Bichectomy
- Bone grafts with titanium mesh
- Sinus Lift
- All On Four Protocols
- Lip Lifting

You won't just learn the techniques — you'll perform them. This is where theory becomes real-world expertise.

Over three intensive days, participants will move beyond the basics —starting with conventional implant placement and advancing step-by-step through guided bone regeneration, sinus lifting, and full-arch solutions such as the All-on-Four protocol.

The course culminates with cutting-edge techniques in severe atrophy management, including zygomatic, pterygoid, transnasal, and transsinus implants.

What makes this course unique is the integration of theory and practice, with hands-on training on cadaver specimens under expert supervision.

Each procedure taught in the lecture hall will be performed in the lab, ensuring that knowledge is not just understood, but mastered.

Whether you're seeking to refine your current techniques or expand into more complex surgical protocols, this course offers a rare opportunity to acquire real-world confidence in procedures that few courses cover so comprehensively.

What You'll Gain **A-to-Z surgical training**: from single implants to zygomatic anchorage Mastery of sinus lifting and nerve lateralization techniques

Deep understanding of bone augmentation using titanium mesh.

Hands-on All-on-Four protocol training, from planning to execution
Real-case discussions and evidence-based surgical decision-making

CADAVER LAB OF ADVANCED SURGERY AND IMPLANTOLOGY

VERONA 5 - 6 - 7 MARCH

LECTURER: PROF. FABIO GUERRA

ANATOMY - ZYGOMA IMPLANTS - GBR

UNDER THE PATRONAGE OF ICLO FOUNDATION ETS

PROGRAM

The program consist in **3 days** of course:

1 and a half of **Theory**

1 and a half of **Practice**

1 **FIRST DAY** **THEORY**

- Introduction
- Onlay Bone Graft with branch and chin removal
- Skull cap removal
- Sinus Lifting
- Bicectomy
- Lateralization of mandibular nerve
- Bone Graft augmentation with titanium mesh

CADAVER LAB SCHEDULE:

OPENING OF THE SESSIONS: 9.00AM
MORNING COFFEE BREAK 11.30 AM
LUNCH BREAK: 13.00
AFTERNOON COFFEE BREAK: 16.15
CLOSING OF THE SESSIONS: 18.30

2 **SECOND DAY**

Morning — **THEORY**

- Lip Lifting
- Unitite Implant
- Epikut Implant
- ALL on Four
- Zygomatic Implant
- Pterigoydeo Implant
- Trans Nasal Implant
- Trans Sinusal Implant

Afternoon — **PRACTICE**

- Onlay Bone Graft with branch and chin removal
- Skull cap removal
- Sinus Lifting
- Bicectomy
- Lateralization of mandibular nerve
- Bone Graft augmentation with titanium mesh

3 **THIRD DAY** **PRACTICE**

Morning

- Lip Lifting
- Unitite Implant
- Epikut Implant
- ALL on Four

Afternoon

- Zygomatic Implant
- Pterigoydeo Implant
- Trans Nasal Implant
- Trans Sinusal Implant

VERONA 5 - 6 - 7 MARCH

CURSOSINTERNACIONAISDECIRURGIA

The 100% practical courses

PARTICIPANT REGISTRATION FEE INCLUDES:

- Didactic materials, surgical instruments, and disposable supplies
- One anatomical specimen per two participants (including corresponding CT scans)
- HD recording of master dissection sessions
- Guaranteed access to the dissection hall
- Catering services during the course
- Certificate of participation

OBSERVER REGISTRATION FEE INCLUDES:

- Catering services during the course
- Attendance at theoretical sessions
- Guaranteed access to the dissection hall as an observer
- Certificate of attendance

HOW TO REACH THE VENUE

The course will be held at:
ICLO Teaching and Research Center
San Francesco di Sales, Verona
(Via Evangelista Torricelli 15/a)
BY CAR
Take the Verona Sud exit. Continue toward Via Flavio Gioia in Verona, keep right, make a slight left, and take Via delle Nazioni. Turn left onto Via Torricelli.
BY TRAIN
From Verona Train Station (4.5 km / 2.8 miles)
Taxi: ~10 min (call 045 532666)
Bus: ~18 min – Take Bus No. 61 from Alpo-Via Don Melotti
(Tickets & info: Azienda Trasporti Verona Srl – 045 805 7922)

LECTURER:

PROF: FABIO GUERRA

Maxillofacial Surgeon and Professor in Brazil at the University of São Paulo.

Recognized worldwide as one of the leading experts in maxillofacial surgery and oral rehabilitation, he conducts courses and lectures globally on anatomy, oral surgery, aesthetics, and implantology.
